

DRAW

'Rose' the Clydesdale with Peta Taylor

Rose is tall and muscular. Start with two big circles for her body and two for her head. Draw in the neckline and leg lines marking in the joints and hooves.

Now draw smooth lines around Roses' stick figure. Add a short tail a long, thick mane and ears. Don't forget her long, feathery fetlocks.

Rub out your guidelines and complete the final outline with a marker or pen.

Clydesdales often have long leg markings. Draw some in along with big eyes and nostrils and a blaze.

Colour in your drawing and sign your name.
